Editorial

A college can only be as successful as the students, faculty and staff connected with it. We at Shelton State are fortunate to have many opportunities to support our school and programs; unfortunately, few take advantage of these opportunities.

Special events are planned and programs, recitals are held. Only a few people bother to show up leaving many vacant seats staring participants in the face. The programs are good and the students are talented. Those who fail to come miss a real growth experience.

In the few weeks remaining in this school year, let's get behind our college. Shelton State is more than a place to hang your hat for one quarter. It's a living, breathing institution growing at a rapid pace.

Let's hope that we as individuals will take advantage of these offerings and grow with it.

PHI THETA KAPPA MEETS

Phi Theta Kappa will meet Saturday, May 22, at 10:00 a.m. in the library. All new members are encouraged to attend. The purpose of the meeting is to organize the next used book sale and to plan summer activities. This will be the last official meeting of the school year.

Any student who believes he or she meets PTK membership criteria is invited to complete an application for membership. If this is your last quarter at Shelton State and you meet the criteria, you are especially encouraged to apply for membership (so that your transcripts will be marked accordingly). Membership applications are available at the circulation desk in the library and should be completed by May 25.

AFRO AMERICAN CULTURAL ASSOCIATION PLANS TRIP
